RISK DISCLOSURE STATEMENT

This brief statement does not disclose all of the risks and other significant aspects of spot foreign currency and options trading (collectively "Forex"). In light of the risks, you should undertake such transactions only if you ("Trader" or "Client") understand the nature of the trading into which you are about to engage and the extent of your exposure to risk. Trading in Forex is not suitable for many members of the public. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Spot Forex Trading

1. Effect of "Leverage" or "Gearing"

Forex Transactions carry a high degree of risk. The amount of Initial margin may be small relative to the value of the foreign currency so that transactions are "leveraged" or "geared". A relatively small market movement may have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. If you fail to comply with a request for additional funds within the time prescribed, FXCM in its sole discretion may liquidate any or all of your positions at a loss. FXCM warrants and represents that its platform has been designed so that your account will not have a negative balance due to failure to meet the required margin.

2. Risk-reducing orders or strategies

The placing of certain orders (e.g., "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be effective because market conditions may make it impossible to execute such orders. Strategies using combinations of positions, such as "spread" and "straddle" positions, may be as risky as taking simple "long" or "short" positions.

Options

3. Variable degree of risk

Transactions in foreign currency options carry a high degree of risk. Purchasers and sellers of foreign currency options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs.

The purchaser of options may offset or exercise the options or allow the options to expire depending on the nature and type of option purchased. The exercise of an option will always result in a cash settlement. In some instances, the purchaser may acquire a spot position with associated liabilities for margin (see the section on Spot Forex Trading above). If the purchased options expire worthless, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote. Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. In some instances, the seller may acquire a spot position with associated liabilities for margin (see the section on Spot Forex Trading above). If the option is "covered" by the seller holding a corresponding position in the underlying currency or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

Additional Risks Common to Spot Forex Trading and Options

4. Terms and conditions of Spot Forex Trading

You should ask the firm with which you deal about the terms and conditions of the specific foreign currency or options which you are trading and associated obligations and, in respect of options, expiration dates and restrictions on the time for exercise.

5. Suspension or restriction of trading and pricing relationships

Market conditions (e.g., liquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any foreign currency because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If you have sold options, this may increase the risk of loss. Further, normal pricing relationships between the underlying interest and the foreign currency, and the underlying interest and the option may not exist. This can occur when, for example, the foreign currency underlying the option is subject to price limits while the option is not. The absence of an underlying reference price may make it difficult to judge "fair" value.

6. Deposited cash and property

You should familiarize yourself with the protections accorded money or other property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property, which has been specifically identifiable as your own, will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

7. Commission and other charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

8. Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

9. Currency risks

The profit or loss in transactions in foreign currency (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the foreign currency position to another currency.

10. Trading facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary. Therefore, you should ask the firm with which you deal for details in this respect.

11. Electronic trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all.

12. Off-exchange transactions

In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterparty to the transaction. Forex Capital Markets, LLC functions as a direct counterparty to Traders in many currency transactions. Forex Capital Markets, LLC neither offers the right to offset, nor guarantees a market in which to offset, transactions it effects as a counterparty. Therefore, it may be difficult or impossible to liquidate an existing position, to assess its value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

NOTICE TO TRADERS

This Agreement is a Legal Contract, Please Read It Carefully.

This is a legal contract between Forex Capital Markets, LLC, (hereinafter referred to as FXCM) a limited liability corporation organized under the laws of the state of Delaware, its successors and assigns, and the party (or parties) executing this document.

In connection with opening an account to speculate and/or purchase and/or sell cash or spot foreign currency (hereinafter referred to as "Currency" or "Spot") through the OTC foreign exchange markets (hereinafter referred to as "OTCFX") with FXCM, Customer (hereinafter referred to as "Trader" or "Client") acknowledges that Trader has been advised and understands the following factors concerning trading in leveraged OTCFX, in addition to those contained in the Risk Disclosure Statement which has been provided to Trader. More specifically, the terms OTCFX and Spot as used herein shall mean the purchase or sale of a foreign currency in such amounts and under such conditions that the parties may negotiate.

1. There are no guarantees to the credit worthiness of the counterparty of your Spot position. Every attempt has been made to deal with reputable creditworthy banks/clearing houses. Also, there may be certain cases in which trading liquidity decreases causing trading in a certain currency to cease, thereby preventing the liquidation of an adverse position that may result in a substantial financial loss.
2. Trading in OTCFX is suitable only for those sophisticated institutions or participants financially able to withstand losses that may substantially exceed the value of margins or deposits. OTCFX accounts are not available through FXCM to non-sophisticated participants.
3. Trader acknowledges that the purchase or sale of a Currency always includes delivery to the extent that Trader's account shall be credited with each Spot transaction.
4. FXCM's margin policies and/or the policies of those banks/clearing houses through which trades are executed may require that additional funds be provided to properly margin Trader's account and that Trader is obligated to immediately meet such margin requirements. Failure to meet requirements may result in the liquidation of any open positions with a resultant loss. FXCM also reserves the right to refuse to accept any order or guarantee a market in which to offset.
5. OTCFX business is not traded on an organized exchange and therefore does not require open-outcry. Even though quotations or prices are afforded by many computer-based component systems, the quotations and prices may vary due to market liquidity. Many electronic trading facilities are supported by computer-based component systems for the order-routing, execution or matching of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the bank and/or financial institution. Such limits may vary; you should ask the firm with which you deal for details in this respect.
6. Trading on an electronic trading system may differ not only from trading in the interbank market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all. Given the high leverage, fast-moving nature of the OTCFX market, and the risks associated with electronic trading, any discrepancies on account statements must be reported to FXCM, in writing, within 24 hours of its occurrence.

Disclaimers:

a) Internet failures:
Since FXCM does not control signal power, its reception or routing via Internet, configuration of your equipment or reliability of its connection, we cannot be responsible for communication failures, distortions or delays when trading on-line (via Internet).

b) Market risks and on-line trading:

Trading currencies involves substantial risk that is not suitable for everyone. See Trader Agreement for more detailed description of risks. Trading on-line, no matter how convenient or efficient, does not necessarily reduce risks associated with currency trading.

c) Password protection:

The Trader is obligated to keep passwords secret and ensure that third parties do not obtain access to the trading facilities. The Trader will be liable to FXCM for trades executed by means of the Trader's password even if such use may be wrongful.

d) Quoting and Execution Errors:

Should quoting and/or execution errors occur, which may include, but are not limited to, a dealer's mistype of a quote, a quote or trade which is not representative of fair market prices, an erroneous price quote from a Trader, such as but not limited to a wrong big figure quote or an erroneous quote due to failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors, FXCM will not be liable for the resulting errors in account balances. In addition, orders must be placed allowing sufficient time to execute, as well as, sufficient time for the system to calculate necessary margin requirements. The execution or orders placed too close to prices, which would trigger other orders (regardless of order type) or a margin call, cannot be guaranteed. FXCM will not be liable for the resulting margin call, resulting balance, and/or positions in the account due to the system not having been allowed sufficient time to execute and/or calculate accordingly. The foregoing list is not meant to be exhaustive and in the event of a quoting or execution error, FXCM reserves the right to make the necessary corrections or adjustments on the account involved. Any dispute arising from such quoting or execution errors will be resolved by FXCM in its sole and absolute discretion. Trader agrees to indemnify and hold FXCM harmless from all damages or liability as a result of the foregoing.

e) Arbitrage:

Internet, connectivity delays, and price feed errors sometimes create a situation where the prices displayed on FXCM's Trading Station do not accurately reflect the market rates. The concept of arbitrage and "scalping", or taking advantage of these Internet delays, cannot exist in an OTC market where the client is buying or selling directly from the market maker. FXCM does not permit the practice of arbitrage on the FXCM trading platform. Transactions that rely on price latency arbitrage opportunities may be revoked. FXCM reserves the right to make the necessary corrections or adjustments on the account involved. Accounts that rely on arbitrage strategies may at FXCM's sole discretion be subject to dealer intervention and dealer approval of any orders and/or termination of trader's account. Any dispute arising from such arbitrage and/or manipulation will be resolved by FXCM in its sole and absolute discretion. FXCM reserves the right to withhold withdrawals until such matters are resolved. Any action or resolution stated herein shall not waive or prejudice any rights or remedies which FXCM may have against you, your company and its officers, all of which are expressly reserved.

f) Price, Execution, and Platform Manipulation:

FXCM strictly forbids any form of manipulation of its prices, execution, and platform. FXCM reserves the right to investigate and review any account FXCM suspects of manipulation and withhold funds suspected of being derived from such activity. FXCM reserves the right to make the necessary corrections or adjustments on the account involved. Accounts that are suspected of manipulation may at FXCM's sole discretion be subject to dealer intervention and dealer approval of any orders and/or termination of trader's account. Any dispute arising from such arbitrage and/or manipulation will be resolved by FXCM in its sole and absolute discretion. FXCM at its own discretion may report such incidents to any relevant regulatory and law enforcement authority. Any action or resolution stated herein shall not waive or prejudice any rights or remedies which FXCM may have against you, your company and its officers, all of which are expressly reserved.

g) Bankruptcy Protections:

The transactions you are entering into with FXCM are not traded on an exchange. Therefore, under the U.S. Bankruptcy Code, your funds may not receive the same protections as funds used to margin or guarantee exchange-traded futures and options contracts, which receive a priority in bankruptcy. Since that same priority has not been given to funds used for off-exchange forex trading, if FXCM becomes insolvent and you have a claim for amounts deposited or profits earned on transactions with FXCM your claim may not receive a priority. Without a priority, you are a general creditor and your claim will be paid, along with the claims of other general creditors, from any monies still available after priority claims are paid. Even customer funds that FXCM keeps separate from its own operating funds may not be safe from the claims of other general and priority creditors.

h) Trading Execution:

FXCM client accounts must be set to either the "No Dealing Desk" ("NDD") execution or "Dealing Desk" ("DD") execution at FXCM's full discretion. FXCM in its sole discretion reserves the right to transfer accounts from one option to the other at any time with or without notice to the client. Clients on both DD and NDD execution may experience widened spreads and slippage under certain market conditions. Orders are executed at the next best market-price available, and may involve circumstances under which the full order gets executed, and other circumstances under which only part, or perhaps even none, of the order gets executed. All orders are subject to final approval by FXCM and may be rejected at any time. FXCM is compensated through the bid-ask spread regardless of whether an account is set to NDD execution or DD execution.

7. In OTCFX, firms are not restricted to effect exchange transactions. The firm with which you deal, such as FXCM, may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

8. In the event that Trader grants trading authority or control over Trader's account to a third party (Trading Agent), whether on a discretionary or non-discretionary basis, FXCM shall in no way be responsible for reviewing Trader's choice of such Trading Agent or for making any recommendations with respect thereto. FXCM makes no representations or warranties concerning any Trading Agent; FXCM shall not be responsible for any loss to Trader occasioned by the actions of the Trading Agent; and FXCM does not, by implication or otherwise endorse or approve of the operating methods of the Trading Agent. If Trader gives the Trading Agent authority to exercise any of its rights over its account, Trader does so at his own risk.

9. FXCM does not control, and cannot endorse or vouch for the accuracy or completeness of any information or advice Trader may have received or may receive in the future from Referring Agent (see section Referral Disclosure below) or from any other person not employed by FXCM regarding Forex trading or the risks involved in such trading. If Referring Agent or any other third party provides Trader with information or advice regarding Forex trading, FXCM shall in no way be responsible for any loss to Trader resulting from Trader's use of such information or advice. Trader understands that Referring Agent and many third party vendors of trading systems, courses, programs, research or recommendations may or may not be regulated by a government agency.

10. Options on foreign currency involve substantial risks and are not suitable for all investors. You should carefully consider whether such trading is appropriate for you in light of your investment experience, objectives, financial resources, tolerance of risk and other relevant circumstances. This brief statement highlights the major risks involved, but does not disclose all of the risks and other significant aspects of trading in these options.

The risks inherent in a foreign currency option transaction will depend on whether you are the purchaser or seller of the option and the style of the option.

Where you or a third party purchase an option on your behalf, you may suffer a total loss of premium (plus transaction costs) if that option expires worthless. This risk reflects the nature of a long foreign currency option or an asset that tends to decline in value over time. The price of the underlying currency must either rise above the strike price, or fall below the strike price, as the case may be, by an amount in excess of the sum of the premium and all other costs incurred in entering into and exercising the option for you to realize a profit on the transaction.

Where you or a third party sell (write) an option on your behalf, the risks are greater. Where you have sold options with a higher face value than options you have bought, the risks can be greater than those associated with the actual currency transaction. If the written option is "covered" by a corresponding physical currency, the risk of loss may be reduced. If the written option is not covered, you will be exposed to full price risk on the currency option; consequently, the risk of loss can be unlimited.

An American-style option may be exercised at any time (i.e. on any business day) during the specified exercise period prior to the expiration. If you sell an American-style option to FXCM, the option may be exercised at FXCM's discretion, thus you cannot be sure of your position resulting from the option until the expiry date. A European-style option may be exercised only on the specified exercise date. An Asian-style option is a variant of the European-style option. Otherwise known as an "average price" option, in an Asian-style option the reference price in relation to the underlying foreign currency is derived from an agreed upon calculation, which, by way of example, may be based upon an average of an underlying currency's market price at predetermined dates occurring during a specified averaging period, with the exercise date occurring at the end of such averaging period. Exotic options are not exercisable and purchaser will only receive a fixed payout when and if certain criteria are met. Maximum profits and losses are fixed at the time of purchase.

In addition to the above risks, fluctuations in the foreign exchange rates of the currencies underlying options may result in dramatic and volatile price movements of the options. In a rapidly changing or illiquid market, you may not be able to sell or cover your position at a desired price. The movement of foreign exchange rates of the currencies that underlie options cannot be predicted and profits, or the return of your initial investment, cannot be guaranteed. You must also realize that the limited risk in buying options means you could lose the entire option investment should the option expire worthless.

REFERRAL DISCLOSURE

FXCM AND REFERRING AGENT ARE WHOLLY SEPARATE AND INDEPENDENT FROM ONE ANOTHER. THE AGREEMENT BETWEEN FXCM AND REFERRING AGENT DOES NOT ESTABLISH A JOINT VENTURE OR PARTNERSHIP AND REFERRING AGENT IS NOT AN AGENT OR EMPLOYEE OF FXCM.

1. FXCM does not control, and cannot endorse or vouch for the accuracy or completeness of any information or advice Client may have received or may receive in the future from Referring Agent or from any other person not employed by FXCM regarding foreign currency or exchange ("Forex") trading or the risks involved in such trading.

2. FXCM provides risk disclosure information to all new Clients when they open accounts. Client should read that information carefully, and should not rely on any information to the contrary from any other source.

3. Client acknowledges that no promises have been made by FXCM or any individual associated with FXCM regarding future profits or losses in Client's account. Client understands that Forex trading is very risky, and that many people lose money trading.

4. If Referring Agent or any other third party provides Client with information or advice regarding Forex trading, FXCM shall in no way be responsible for any loss to Client resulting from Client's use of such information or advice.

5. To the extent Client has previously been led to believe or believes that utilizing any third party trading system, course, program, research or recommendations provided by Referring Agent or any other third party will result in trading profits, Client hereby acknowledges, agrees and understands that all Forex trading, including trading done pursuant to a system, course, program, research or recommendations of Referring Agent or another third party involves a substantial risk of loss. In addition, Client hereby acknowledges, agrees and understands that the use of a trading system, course, program, research or recommendations of Referring Agent or another third party will not necessarily result in profits, avoid losses or limit losses.

6. Client understands that Referring Agent and many third party vendors of trading systems, courses, programs, research or recommendations are not regulated by a government agency.

7. Because the risk factor is high in foreign currency transactions trading, only genuine "risk" funds should be used in such trading. If Client does not have the extra capital the Client can afford to lose, Client should not trade in the foreign currency markets.

8. Client understands and acknowledges that FXCM may compensate Referring Agent for introducing Client to FXCM and that such compensation may be on a per-trade basis or other basis. Such compensation to the Referring Agent may require the Customer to incur a mark-up, above

and beyond the ordinary spread generally provided by FXCM. Further, the Client has a right to be informed of the precise nature of such remuneration.

9. Client understands and agrees that if Client's account with FXCM is introduced by Referring Agent that Referring Agent shall have the right to access Client's FXCM account, but the Referring Agent shall not have the right to enter into any trades on Client's FXCM account unless authorized by Client under a power of attorney between Client and Referring Agent granting such Referring Agent the right to trade on Client's account.

10. FXCM does not endorse or vouch for the services provided by the Referring Agent. Since Referring Agent is not an employee or agent of FXCM, it is the account holder's responsibility to perform necessary due diligence on the Referring Agent prior to using any of their services.

11. Client understands and agrees that if Client's account with FXCM is introduced by Referring Agent that Referring Agent may be provided access to certain personal information about Client as well as certain information concerning trading activity in Client's FXCM account. Referring Agent shall not have the right to enter into any trades on Client's FXCM account unless specifically authorized by Client through execution of a limited power of attorney granting Referring Agent authority to make trading decisions for Client's account.

Should you have any questions regarding the risks of trading in foreign currency, please contact your account representative.

TRADER AGREEMENT

In consideration of FXCM agreeing to carry one or more accounts of the undersigned ("Trader" or "Client") and providing services to Trader in connection with the purchase and sale of cash currencies (including financial instruments) and any similar instruments (collectively referred to as "OTCFX"), which may be purchased or sold by or through FXCM for Trader's account(s), Trader agrees as follows:

1. **AUTHORIZATION TO TRADE.** FXCM is authorized to purchase and sell OTCFX for Trader's account(s) with a counter party bank or sophisticated institutions or participants in accordance with Trader's oral or written or computer instructions. Unless instructed by Trader to the contrary in writing, FXCM is authorized to execute all orders with such banking institutions, counter party, bank, or sophisticated institutional participants as FXCM deems appropriate. FXCM shall be entitled to rely upon any oral or written communication or instructions received from Trader, including Trader's officers, partners, principals or employees, so long as FXCM does not have actual knowledge of the lack of authority of any such person ("Authorized Persons"). Trader agrees that such Authorized Persons are authorized on his behalf to furnish FXCM all data, information, instructions and authorizations required by FXCM to perform its services under this Agreement.

Trader authorizes FXCM to rely and act upon any instruction, authorization, data or information, which appear to be given by an Authorized Person to FXCM by any means, including instructions transmitted by electronic means or otherwise, and the production of a facsimile of a document purporting to bear the authorization of Trader. Trader therefore agrees that: (i) FXCM is authorized to act upon instructions without enquiring as to the validity of the instructions and to consider the instructions of like force and effect as written orders made by the Authorized Persons; (ii) Nothing in this section and no verification or attempted verification of any instruction or signatures at any time made by FXCM will obligate FXCM to verify the validity of the instructions or the signatures in any particular case; and (iii) Trader will bear the risk of all unauthorized instructions, by any of its representatives, employees, or agents, and where FXCM has acted in good faith and without negligence, Trader will indemnify FXCM against and save FXCM harmless from all losses, costs, fees, damages, expenses, claims, suits, demands and liabilities whatsoever that FXCM may suffer or incur or that may be brought against FXCM, in any way relating to or arising out of FXCM acting upon, delaying in acting upon or refusing to act upon any instruction or information provided to FXCM by Trader, including improper, unauthorized or fraudulent instructions given by any of Trader's employees, agents or representatives, even if such instructions were not in fact made with Trader's authority.

2. **GOVERNMENTAL, COUNTERPARTY INSTITUTION AND INTERBANKING SYSTEM RULES.** All transactions under this Agreement shall be subject to the constitution, by-laws, rules, regulations, customs, usage, rulings and interpretations of the counterparty institution or other interbank market (and its clearing organization, if any) where executed and to all applicable Federal and State laws and regulations. If any statute shall hereafter be enacted or any rule or regulation shall hereafter be adopted which shall be binding upon FXCM and shall affect in any manner or be inconsistent with any of the provisions hereof, the affected provisions of this Agreement shall be deemed modified or superseded, as the case may be by the applicable provisions of such statute, rule or regulation, and all other provisions of this Agreement and provisions so modified shall in all respects continue in full force and effect. Trader acknowledges that all transactions under this Agreement are subject to the aforementioned regulatory requirements and Trader shall not thereby be given any independent legal or contractual rights with respect to such requirements.

3. **MARGINS AND DEPOSIT REQUIREMENTS.** Trader shall provide to and maintain with FXCM margin in such amounts and in such forms as FXCM, in its sole discretion, may require. Trader is aware and acknowledges that the requirements for margin vary, and may be changed from time to time, at FXCM's sole discretion, based upon account size, volume traded, and market conditions. Such margin requirements may be greater or less than margins required by a counterparty bank. FXCM may change margin requirements at any time. Trader agrees to deposit by immediate wire transfer such additional margin when and as required by FXCM and will promptly meet all margin calls in such mode of transmission as FXCM in its sole discretion designates. FXCM may at any time proceed to liquidate Trader's account in accordance with paragraph 7 below and any failure by FXCM to enforce its rights hereunder shall not be deemed a waiver by FXCM to enforce its rights thereafter. No previous margin requirement by FXCM shall preclude FXCM from increasing that requirement without prior notice. FXCM retains the right to limit the amount and/or total number of open positions that Trader may acquire or maintain at FXCM. FXCM will attempt to execute all orders, which it may, in its sole discretion, choose to accept in accordance with the oral, written, or computer instructions of Trader's. FXCM reserves the right to refuse to accept any order or guarantee a market in which to offset. FXCM shall not be responsible for any loss or damage caused, directly or indirectly, by any events, actions or omissions beyond the control of FXCM including, without limitation, loss or damage resulting, directly or indirectly, from any delays or inaccuracies in the transmission of orders and/or information due to a breakdown in or failure of any transmission or communication facilities.

4. **PRIVACY POLICY.** FXCM respects each individual's right to privacy. We value our relationship with you, and we take pride in maintaining loyalty and respect with each individual client by providing you with security. The provisions of this notice apply to former customers as well as our current customers.

e. **Sharing Information with Third Parties.** FXCM does not disclose your personal information to third parties, except as described in this Policy. Third party disclosures may include sharing such information with non-affiliated companies that perform support services for your account or facilitate your transactions with FXCM, including those that provide professional, legal, or accounting advice to FXCM. 5. **SETTLEMENT DATE AND ROLLOVERS.** All Spot currency positions will be posted to Trader's account in U.S. Dollars or other mutually agreed upon currency on the trade date and settled within 48 hours. The resulting position will automatically rollover for an additional 48 hour period unless (i) Trader gives satisfactory instructions for further delivery of the foreign currency subject to FXCM's usual and customary charges and re-delivery fees; or (ii) a customer enters an order which is accepted by FXCM in its sole discretion to offset the Spot currency position. Trader, by noon of the business day before the settlement date of the Spot currency position, shall provide FXCM with acceptable re-delivery or offset instructions. In the absence of timely and adequate instructions from Trader, FXCM is authorized, at FXCM's absolute discretion, to rollover the Currency positions in the OTCFX account(s) for Trader's Account(s) and at Trader's risk. A position may be credited or debited interest charges until the position is closed.

6. **COLLATERAL AND LENDING AGREEMENT.** All funds, currencies, and other property of Trader which FXCM or its affiliates may at any time be carrying for Trader (either individually, jointly with another, or as a guarantor of the account of any other person,) or which may at any time be in its possession or control or carried on its books for any purpose, including safekeeping, are to be held by FXCM as security and subject to a general lien and right of set-off for liabilities of Trader to FXCM whether or not FXCM has made advances in connection with such funds, currencies or other property, and irrespective of the number of accounts Trader may have with FXCM. FXCM may in its discretion, at any time and from time to time, without notice to Trader, apply and/or transfer any or all funds, currencies or other property of Trader between any of Trader's accounts. Trader hereby also grants to FXCM the right to pledge, re-pledge, hypothecate, invest or loan, either separately or with the property of other Traders, to itself as broker or to others, any securities or other property of Trader held by FXCM as margin or security. FXCM shall at no time be required to deliver to Trader the identical property delivered to or purchased by FXCM for any account of Trader. The purpose

of the Lending Agreement is to allow FXCM to use the currencies, property, depository receipts as collateral.

7. **LIQUIDATION OF ACCOUNTS AND PAYMENT OF DEFICIT BALANCES.** In the event of (a) the death or judicial declaration of incompetence of Trader; (b) the filing of a petition in bankruptcy, or a petition for the appointment of a receiver, or the institution of any insolvency or similar proceeding by or against Trader; (c) the filing of an attachment against any of Trader's accounts carried by FXCM, (d) insufficient margin, or FXCM's determination that any collateral deposited to protect one or more accounts of Trader is inadequate, regardless of current market quotations, to secure the account; (e) Trader's failure to provide FXCM any information requested pursuant to this agreement; or (f) any other circumstances or developments that FXCM deems appropriate for its protection, and in FXCM's sole discretion, it may take one or more, or any portion of, the following actions: (1) satisfy any obligation Trader may have to FXCM, either directly or by way of guaranty of suretyship, out of any of Trader's funds or property in its custody or control; (2) sell any or purchase any or all Spot or Options currency positions held or carried for Trader; and (3) cancel any or all outstanding orders, or any other commitments made on behalf of Trader. Any of the above actions may be taken without demand for margin or additional margin, without prior notice of sale or purchase or other notice to Trader, Trader's personal representatives, heirs, executors, administrators, trustees, legatees or assigns and regardless of whether the ownership interest shall be solely Trader's or held jointly with others. In liquidation of Trader's long or short positions, FXCM may, in its sole discretion, offset in the same settlement or it may initiate new long or short positions in order to establish a spread or straddle which in FXCM's sole judgment may be advisable to protect or reduce existing positions in Trader's account. Any sales or purchases hereunder may be made according to FXCM's judgment and at its discretion with any interbank or other exchange market where such business is then usually transacted or at a public auction or private sale, and FXCM may purchase the whole or any part thereof free from any right of redemption. Trader shall at all times be liable for the payment of any deficit balance of Trader upon demand by FXCM and in all cases, Trader shall be liable for any deficiency remaining in Trader's account(s) in the event of the liquidation thereof in whole or in part by FXCM or by Trader. In the event the proceeds realized pursuant to this authorization are insufficient for the payment of all liabilities of Trader due to FXCM, trader shall promptly pay upon demand, the deficit and all unpaid liabilities, together with interest thereon equal to three (3) percentage points above the then prevailing prime rate at FXCM's principal bank or the maximum interest rate allowed by law, whichever is lower, and all costs of collection, including attorney's fees, witness fees, travel expenses and the like. In the event FXCM incurs expenses other than for the collection of deficits, with respect to any of the account(s) of Trader, Trader agrees to pay such expenses.

8. **SETTLEMENT DATE OFFSET INSTRUCTIONS.** FXCM in its sole and absolute direction may accept or reject orders to offset current Spot currency positions of Trader. FXCM reserves the right to refuse to accept any order or guarantee a market in which to offset. Offset arrangements on Spot currency positions arriving at settlement date must be negotiated and accepted by FXCM at least one (1) business day prior to the settlement date or rollover.

9. **CHARGES.** Trader shall pay such brokerage, commission and special service and all other charges (including, without limitation, markups and markdowns, statement charges, idle account charges, order cancellation charges, account transfer charges or other charges), fees (including, without limitation, fees imposed by any interbank agency, bank, contract markets or other regulatory or self-regulatory organizations) arising out of FXCM providing services hereunder. FXCM may change its commission, charges, and/or fees without notice. Trader agrees to be liable to FXCM for interest on amounts due from Trader to FXCM at an interest rate equal to three (3) percentage points above the then prevailing prime rate at FXCM principal bank or the maximum interest rate allowed by law, whichever is lower. All such charges shall be paid by Trader as they are incurred, or as FXCM in its sole and absolute discretion, may determine, and Trader hereby authorizes FXCM to withdraw the amount of any such charges from Trader's account(s). Trader agrees to pay a transfer fee, to be designated by FXCM in the event Trader instructs FXCM to transfer open positions, moneys, and/or property of Trader's account to another institution. FXCM and Trader agree and confirm that all prices quoted to Trader are not inclusive of markups and markdowns.

10. **STATEMENTS AND CONFIRMATION.** Reports of the confirmation of orders and statements of accounts for Trader shall be deemed correct and shall be conclusive and binding upon Trader if not objected to immediately upon receipt and confirmed in writing within (1) day after transmittal to Trader by posting on the Internet, or otherwise. Margin calls shall be conclusive and binding unless objected to immediately in writing. In lieu of sending trade confirmation via postal mail, FXCM will provide Trader Internet access to view his account at any time with an online login. Written objections on Trader's part shall be directed to FXCM at its home office located at the most recent address as indicated on the FXCM website, and shall be deemed received only if actually delivered or mailed by registered mail, return receipt requested. Failure to object shall be deemed ratification of all actions taken by FXCM or FXCM's agents prior to Trader's receipt of said reports. Trader's failure to receive a trade confirmation shall not relieve Trader of the obligation to object as set out herein. Once an order or trade has been placed, and confirmation has been delivered, it is the sole responsibility of Trader to keep track of the account's orders and positions.

11. **COMMUNICATIONS.** Reports, statements, notices and any other communications may be transmitted to Trader via the email address on Trader's application, FXCM Trading Station Platform, or to such other email address as Trader may from time to time designate in writing to FXCM. All communications so sent, whether by mail, email, telegraph messenger or otherwise, shall be deemed transmitted by FXCM when electronically submitted or deposited in the United States mail, or when received by a transmitting agent, and deemed delivered to Trader personally, whether actually received by Trader or not.

12. **FXCM RESPONSIBILITIES.** FXCM will not be responsible for delays in the transmission of orders due to a breakdown or failure of transmission or communication facilities, electrical power outage or for any other cause beyond FXCM's control or anticipation. FXCM shall only be liable for its actions directly attributable to negligence, willful default or fraud on the part of FXCM. FXCM shall not be liable for losses arising from the default of any agent or any other party used by FXCM under this agreement.

13. **CURRENCY FLUCTUATION RISK.** If Trader directs FXCM to enter into any currency transaction: (a) any profit or loss arising as a result of a fluctuation in the exchange rate affecting such currency will be entirely for Trader's account and risk; (b) all initial and subsequent deposits for margin purposes shall be made in U.S. dollars, in such amounts as FXCM may in its sole discretion require; and (c) FXCM is authorized to convert funds in Trader's account for margin into and from such foreign currency at a rate of exchange determined by FXCM in its sole discretion on the basis of the then prevailing money market rates.

14. **RISK ACKNOWLEDGMENT.** Trader acknowledges that investments in leveraged and non-leveraged transactions are speculative, involves a high degree of risk, and is appropriate only for persons who can assume risk of loss in excess of their margin deposit. Trader understands that because of the low margin normally required in OTCFX trading, price changes in OTCFX may result in significant losses that may substantially exceed Trader's investment and margin deposit. Trader warrants that Trader is willing and able, financially and otherwise, to assume the risk of OTCFX trading, and in consideration of FXCM's carrying his/her account(s), Trader agrees not to hold FXCM responsible for losses incurred through following its trading recommendations or suggestions or those of its employees, agents or representatives. Trader recognizes that guarantees of profit or freedom from loss are impossible of performance in OTCFX trading. Trader acknowledges that Trader has received no such guarantees from FXCM or from any of its representatives or any introducing agent or other entity with whom Trader is conducting his/her FXCM account and has not entered into this agreement in consideration of or in reliance upon any such guarantees or similar representations.

15. **TRADING RECOMMENDATIONS.** (a) Trader acknowledges that (i) any market recommendations and information communicated to Trader by FXCM or by any person within the company, does not constitute an offer to sell or the solicitation of an offer to buy any OTCFX position, (ii) such recommendation and information, although based upon information obtained from sources believed by FXCM to be reliable, may be based solely on an opinion and that such information may be incomplete and may be unverified, and (iii) FXCM makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information or trading recommendation furnished to Trader. Trader acknowledges that FXCM and/or its officers, directors, affiliates, associates, stockholders or representatives may have a position in or may intend to buy or sell currencies, which are the subject of market recommendations furnished to Trader, and that the market position of FXCM or any such officer, director, affiliate, associate, stockholder or representative may not be consistent with the recommendations furnished to Trader by FXCM. Trader acknowledges that FXCM makes no representations concerning the tax implications or treatment of trading Forex; and, (b) Trader further acknowledges that should Trader grant trading authority or control over Trader's account to a third party ("Trading Agent"), whether on a discretionary or non-discretionary basis, FXCM shall in no way be responsible for reviewing Trader's choice of such Trading Agent nor making any recommendations with respect thereto. Trader understands that FXCM makes no warranties nor representations concerning the Trading Agent, that FXCM shall not be responsible for any loss to Trader occasioned by the actions of the Trading Agent and that FXCM does not, by implication or otherwise, endorse or approve of the operating methods of the Trading Agent. If Trader gives Trading Agent authority to exercise any of its rights over Trader's account(s), Trader understands that Trader does so at Trader's own risk.

16. **TRADER REPRESENTATIONS AND WARRANTIES.** Trader represents and warrants that: (a) Trader is of sound mind, legal age and legal competence; and, (b) No person other than Trader has or will have an interest in Trader's account(s); and, (c) Trader hereby warrants that regardless of any subsequent determination to the contrary, Trader is suitable to trade OTCFX; and (d) Trader is not now an employee of any exchange, any corporation in which any exchange owns a majority of the capital stock, any member of any exchange and/or firm registered on any exchange, or any bank, trust, or insurance company that trades the same instruments as those offered by FXCM, and in the event that Trader becomes so employed, Trader will promptly notify FXCM at its home office in writing of such employment; and, (e) All the information provided in the information portion of this Agreement is true, correct and complete as of the date hereof and Trader will notify FXCM promptly of any changes in such information; and (f) Trader will not enter into any Trade for the purposes of arbitrage, scalping or to exploit any temporal and/or minor inaccuracy in any exchange rate.

The Trader represents and warrants that in determining the Trader's Net Worth, Assets and Liabilities were carefully calculated then Liabilities were subtracted from Assets to determine the value that the Trader has included in the financial information as Net Worth. The Trader represents and warrants that in determining the value of Assets, the Trader included cash and/or cash equivalents, U.S. Government and Marketable securities, real estate owned (excluding primary residence), the cash value of life insurance and other valuable Assets. The Trader represents and warrants that in determining the value of Liabilities, the Trader included notes payable to banks (secured and unsecured), notes payable to relatives, real estate mortgages payable (excluding primary residence) and other debts. The Trader represents and warrants that in determining the Trader's Liquid Assets the Trader included only those Assets that can be quickly (within one day's time) converted to Cash. The Trader represents and warrants that the Trader has very carefully considered the portion of the Trader's assets which the Trader considers to be Risk Capital. The Trader recognizes that Risk Capital is the amount of money the Trader is willing to put at risk and if lost would not, in any way, change the Trader's lifestyle. The Trader agrees to immediately inform FXCM if the Trader's financial condition changes in such a way to reduce the Trader's Net Worth, Liquid Assets and/or Risk Capital.

18. **NO GUARANTEES.** Trader acknowledges that Trader has no separate agreement with Trader's broker or any FXCM employee or agent regarding the trading in Trader's FXCM account, including any agreement to guarantee profits or limit losses in Trader's account. Trader understands that Trader is under an obligation to notify FXCM's Compliance Officer immediately in writing as to any agreement of this type. Further, Trader understands that any representations made by anyone concerning Trader's account that differ from any statements Trader receives from FXCM must be brought to the attention of FXCM's Compliance Officer immediately in writing. Trader understands that Trader must authorize every transaction prior to its execution unless Trader has delegated discretion to another party by signing FXCM's limited power of attorney (LPOA), and any disputed transactions must be brought to the attention of FXCM's Compliance Officer pursuant to the notice requirements of this Trader Agreement. Trader agrees to indemnify and hold FXCM harmless from all damages or liability resulting from Trader's failure to immediately notify FXCM's Compliance Officer of any of the occurrences referred to herein. All notices required under this section shall be sent to FXCM at its home office.

19. **CREDIT.** Trader authorizes FXCM or agents acting on behalf of FXCM to investigate Trader's credit standing and in connection therewith to contact such banks, financial institutions and credit agencies as FXCM shall deem appropriate to verify information regarding Trader. Trader further authorizes FXCM to investigate Trader's current and past investment activity, and in connection therewith, to contact such futures commission merchants, exchanges, broker/dealers, banks, and compliance data centers as FXCM shall deem appropriate. LENDING AGREEMENT

By signing this Agreement, Trader authorizes FXCM and its affiliates to use all funds, securities, currencies and other property of Trader as specified in Paragraph 6 of the Trader Agreement.

HIGH RISK INVESTMENT

In addition to standard industry disclosures contained in this Agreement, you should be aware that margined currency trading is one of the riskiest forms of investment available in the financial markets and may not be suitable for all investors. An account with FXCM permits you to trade foreign currencies on a highly leveraged basis (up to approximately 100 times your account equity or as otherwise permitted by applicable regulation). An initial deposit of US\$1,000 may enable the trader to take a maximum position with US\$100,000 notional market value. The funds in an account trading at maximum leverage can be completely lost, if the position(s) held in the account has more than a one percent swing in value. Given the possibility of losing an entire investment, speculation in the foreign exchange market should only be conducted with risk capital funds that if lost will not significantly affect your personal or institution's financial well being.

If you have pursued only conservative forms of investment in the past, you may wish to study currency trading further before continuing an investment of this nature. You must realize that you could sustain a total loss of all funds you deposit with your broker as initial margin as well as

substantial amounts of capital, when trading currencies or currency options, should the market go against your investment. You must also realize that the limited risk in buying options means you could lose the entire option investment should the option expire worthless. If you wish to continue with your investment, you acknowledge that the funds you have committed are purely risk capital and loss of your investment will not jeopardize your style of living nor will it detract from your future retirement program. Additionally, you fully understand the nature and risks of currency and currency options investments, and your obligations to others will not be neglected should you suffer investment losses.

SOCIAL SECURITY OR TAX ID CERTIFICATION & BACKUP WITHHOLDING STATEMENT

Under penalties of perjury, I certify (1) the number shown on this agreement is the correct Social Security or Taxpayer Identification number and (2) the ownership, or beneficiary, of this account is not subject to backup withholding under Section #3406 (a)(1)(C) of the Internal Revenue Code.

EMAIL ACKNOWLEDGMENT

ADDRESS ACKNOWLEDGMENT

Client acknowledges that it is Client's obligation to notify FXCM of the address or other location to which paper records may be provided, if necessary.

AUTHORIZATION TO TRANSFER FUNDS

Trader agrees hereby that FXCM may at any time, in the judgment of FXCM and its associates, apply and transfer from Trader's account to any of Trader's other accounts held with FXCM or an affiliate of FXCM or other approved financial institution or its associates any of the moneys, currencies or other property of Trader held either individually or jointly with others to another regulated account of the same said Trader.

CONSENT TO ELECTRONIC TRANSMISSION OF CONFIRMATIONS & ACCOUNT STATEMENTS

Client hereby consents to have Client's account information and trade confirmations available on the Internet in lieu of having such information delivered to Client via mail or email. Client will be able to access account information via the FXCM website using Client's account login information to access the account. FXCM will post all of Client's account activity and Client will be able to generate daily, monthly and yearly reports of account activity as well as a report of each executed trade. Updated account information will be available no more than twenty-four hours after any activity takes place on Client's account. Posting of account information on Client's online account will be deemed delivery of confirmation and account statements. At all times, account information will include trade confirmations with ticket numbers, purchase and sale rates, used margin, amount available for margin trading, statements of profits and losses, as well as current open or pending positions. Client may revoke this consent at any time upon written notice to FXCM.

ARBITRATION AGREEMENT

BY AGREEING TO THIS ARBITRATION PROVISION, TRADER MAY BE WAIVING CERTAIN RIGHTS, INCLUDING THE RIGHT TO A JURY TRIAL. TRADER NEED NOT AGREE TO THIS ARBITRATION PROVISION IN ORDER TO OPEN AN ACCOUNT WITH FXCM.

Trader agrees and, by opening one or more accounts for Trader, FXCM also agrees, that any and all disputes, controversies, or claims arising out of this Client Agreement, or the relationships or activities contemplated thereby, including whether or not any such dispute, controversy, or claim is arbitrable, shall be resolved by an Arbitration Panel selected by the National Futures Association ("NFA"), pursuant to the NFA's Code of Arbitration. MANAGED ACCOUNT AUTHORIZATION AND RISK DISCLOSURE

FXCM is authorized to follow the instructions of the aforesaid agent in every respect concerning the undersigned customer's account with FXCM, except that said agent is not authorized to withdraw any money, securities, or other property either in the name of the undersigned or otherwise. **The undersigned client has the right and responsibility to request from the Trading Agent statements on account status and details regarding the overall management of the account, and the undersigned Trading Agent is obligated to provide, upon the undersigned customer's request, such account information and account statements using report features as provided by FXCM.**

The aforesaid agent represents that he has all of the applicable required government approvals, licenses, and permits, including but not limited to, if applicable, registration with the NFA as a commodity trading advisor (CTA).

The type of management modules: Percentage Allocation Management Module (PAMM) or Lot Allocation Management Module (LAMM) used by the Trading Agent is at the discretion of the Trading Agent. Account holders on the PAMM may be restricted from making any account transactions until the end of the following business day.

The undersigned hereby ratifies and confirms any and all transactions with FXCM heretofore and hereafter made by the aforesaid Trading Agent on behalf of or for the account of the undersigned. The undersigned hereby ratifies and confirms that he/she has agreed to pay commissions according to the following terms:

Account Number (required for existing accounts) # _____ (Reference "Temporary ID" for New Accounts)

Spot Currency Trading Commission \$ _____ per lot round turn

Currency Options Trading Commission \$ _____ per options transaction OR _____% of the premium paid for option

Commission may be applied to a managed account only if the Trading Agent has appropriate documentation on file with FXCM.

Because the risk factor associated with trading in the foreign exchange market is high, only genuine "risk" funds should be used in such trading. If Trader does not have the extra capital the Trader can afford to lose, Trader should not trade in the foreign exchange market. I understand that my Trading Agent may use an electronic trading system to generate trades, which exposes me to risks associated with the use of computers, and data feed systems relied on by FXCM. I agree to accept such risks, which may include, but are not limited to, failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors. No "safe" trading system has ever been devised, and no one can guarantee profits or freedom from loss. In fact no one can even guarantee to limit the extent of losses.

Even though the Trader granted trading authority to another, Trader should be diligent to closely scrutinize what transpires in the account. FXCM shall send Trader a confirmation of every trade made for the account and any transactions on the account, and a profit and loss statement showing the financial results of each transaction closed out for the account. In lieu of sending trade confirmation and/or account activity via postal mail, FXCM will provide Trader access to view his account at any time using the Internet with an online login. FXCM shall make statements available showing the ledger balance, the exact positions in the account, the net profit or loss in all contracts closed for the given period, and the net unrealized profit and loss in all open contracts figured to the market. Trader should carefully review these statements on a daily basis, and if Trader has any questions, he will contact FXCM immediately. Any discrepancies on account statements must be reported to FXCM, in writing, within 24 hours of its occurrence.

The trading authorization over Trader's account terminates only upon written revocation by Trader or the Trading Agent holding the authorization. Therefore, if for any reason, Trader wishes to revoke the trading authorization, which Trader has given, please bear in mind that the Trader can only do so through written revocation.

This authorization and indemnity is a continuing one and shall remain in full force and effect until revoked by the undersigned by a written notice addressed to FXCM and delivered to FXCM at the office where the undersigned's account is carried, but such revocation shall not affect any liability in any way resulting from transactions initiated prior to such revocation. This authorization and indemnity shall inure to the benefit of FXCM and that of FXCM's agents, successors and assigns. This authorization and indemnity shall further inure to the benefit of Trading Agent and of any successor Trading Agent, irrespective of any change or changes at any time in the personnel thereof for any causes whatsoever, and of the assigns of Trading Agent or any successor Trading Agent.

FXCM does not endorse or vouch for the services provided by the Referring or Trading Agent. Since Referring Agent is not an employee or agent of FXCM, it is the account holder's responsibility to perform necessary due diligence on the Referring or Trading Agent prior to using any of their services.

The undersigned agrees that he/she understands and certifies that they have the financial resources to enter this Agreement and that all trading objectives have been explained. The undersigned acknowledges having received, read and understood the foregoing Limited Power-of-Attorney, Managed Account Authorization and Risk Disclosure.
